

To whom it may concern

According to available information from our raw materials suppliers, we can confirm that the components used for the manufacturing of above listed material(s) are in compliance with **Reg. ref EU 10/2011, most recently amended by the EU 2020/1245** and **Reg. ref 21 CFR FDA** updated to the latest amendments at the present time and applicable to intermediate plastic materials (e.g. plastic powders, plastic granulates, plastic flakes) and articles intended to come into contact with foodstuff.

However, please note that no specific analysis or tests have been performed by Ravago on above listed material(s) for food contact applications.

Therefore, the suitability of the final article manufactured using above listed material(s), including the effect on the smell/taste and the compliance to migration limits or other analytical requirements must be always tested and guaranteed by the relevant final manufacturer.

This information applies to the material as it leaves its production facilities and does not cover any additive, pigment, etc... subsequently included or introduced by the converter. This declaration does not relieve the converter or any other downstream user from its responsibility to carry out its own investigations and tests.
